DODGE COUNTY, NEBRASKA
FRED NIVITY, COUNTY CLERK

The Dodge County Sheriff's Office has in it's property room several firearms that have been acquired for various reasons. These firearms are not associated with any arrests and are in various conditions, ranging from good condition to firearms that have been altered or broken.

The Sheriff's Office would like to dispose of these firearms that have not been claimed and have been in the possession of the Sheriff's Office prior to 2000. There are approximately 43 (forty-three) firearms that the Sheriff's Office wishes to dispose of.

Under Nebraska Statute 69-1331, the county sheriff may dispose of unclaimed property by submitting a plan for disposal to the county board for approval.

I am requesting approval from the county board that these firearms be sold at auction after proper notification in a newspaper of general circulation. Arrangements would be made with a professional auctioneer to auction these items. The proceeds of the sale would then be paid to the county treasurer per Nebraska Statute 69-1332.

Sincerely,

Tom Tamke
Chief Deputy Sheriff

cc: Paul Vaughan, County Attorney
